All have kitchen facilities and are carpeted throughout with vinyl floor coverings in the bathrooms and kitchens.

They also contain many features designed to help make life easier, safer and more comfortable. These include easy turn taps and power sockets positioned at a convenient height. In addition, every apartment is linked to the village fire alarm and 24 hour emergency call system.

We offer:

Bespoke alteration service

To ensure that you are completely comfortable in your new home, we offer a bespoke alteration service. All you have to do is tell us what you require; we will then arrange for the necessary quotations for you to approve and ensure that the work is carried out to your timetable. In addition, you will have access to our village handyman who for a fee based on the hourly rate, is happy to carry out any little household jobs before or after you move in.

For a supplementary charge we also provide meals each day in the village restaurant and the village minibus is available for shopping trips and excursions.
